Background

Domaine Sainte Marie is ideally located just 21 kilometers west of Saint Tropez and stretches over 40 hectares of land. With bountiful southern exposure, the land is made of siliceous soil containing micaschists, schists, and white quartz. The slopes are rather soft and the grape vines benefit from hot, dry days and cool nights in the summer. Domaine Sainte Marie prides itself on its unique viticultural history including rare, old Grenache vines. Year after year, Domaine Sainte Marie receives critical acclaim and awards for consistently excellent wines.

Tasting Notes

With a beautiful translucent pink hue, VieVité exudes the colors of a true Côtes de Provence rose wine. On the nose, an expression of ripe tropical fruit is balanced with a pleasant bouquet of white flowers and a discreet touch of spice. On the palate, well-structured fruit and balanced acidity creates a crisp and delicate finish.
